RE: GOLDSBY, Robert
Docket No: 3:00cr3LN-002
REQUEST FOR SPECIAL CONDITIONS
TO BE HELD IN ABEYANCE

Dear Judge Lee:

The above named offender was sentenced July 11, 2003, after pleading guilty to Conspiracy and Distribution of Cocaine Base. The Court sentenced the offender to seventy (70) months imprisonment with four (4) years supervised release to follow. Special conditions to this supervised release term are as follows: a) the defendant shall participate in a mental health aftercare program, to include anger management counseling, at the direction of the U.S. Probation Officer and b) the defendant shall participate in a drug aftercare program at the direction of the U.S. Probation Officer.

The offender began supervision February 12, 2007. While incarcerated with the Bureau of Prisons (BOP), Goldsby successfully completed both the forty (40) hour and five hundred (500) hour substance abuse treatment programs. While in BOP custody, he also completed courses in *Managing Anger*, *Managing Disagreement*, *Attitude*, and *Improving Peer Relationships*. Enclosed are copies of these certificates.

Goldsby obtained stable employment while at Bannum Place of Jackson Community Sanctions Center. He recently secured an apartment and displays a positive attitude. He does not appear to need drug nor anger management treatment at this time. Looking at the totality of the circumstances, it is recommended the Court hold the special conditions in abeyance. This office will collect random urine screens on this offender. Should Goldsby test positive for illegal substances or display inappropriate behavior, the treatment conditions can be reinstated, and the Court notified.
